

Unitarian Universalist  
of Coastal Georgia  
*A Welcoming Congregation*

## COVID UPDATE / Hybrid Services Start November 7

As we begin our services in the building (and on Zoom) in November, the board reminds you of our current policy which follows the CDC guidance and requires all over two years of age to wear masks while in our building. Masks will be available at the door if you have forgotten yours.

### PLEASE JOIN US BY ZOOM IF:

- **You are unvaccinated and are eligible for a vaccine**
- **You have difficulty with masking for any reason**
- **You have other health concerns, are out of town, or simply prefer to meet virtually at this time.**

Services will be both in-person and via Zoom and we appreciate all worship leaders as they are flexible and help to make sure those who attend via ZOOM are full participants.

No one, regardless of their role in the congregation, should feel compelled to attend services in-person.

The board has committed to review our COVID policy at our monthly meetings so that we can revise and refine as we need to. We will revisit this policy as conditions change.

*Thank you for your understanding, as we try to protect one another.*

### NOTE:

**For the present time, there will be no coffee time and no refreshments served in the building after the service.**
